

## Plot for two boys and the woman pic

Main Characters : Boy, Girl, Mom (Woman in the photo), Dad.

Backstory: The boy and the girl are siblings and their parents are divorced. The court has ruled the custody of the kids to their dad because the mom used to do drugs and got caught once for smoking up marijuana but she still gets 6 visiting hours every week. After the divorce, she is lonely dependent on drugs more than ever. She really misses the family but can't help her addiction and change herself for better. She barely remains sober at this point. The kids also don't like her because of this habit of hers. So they don't meet their mom for four weeks straight.

Present : This particular day, the mom was supposed to pick them up from the school. She walks there barely sober, trying to hold in her tears because she was seeing them after a month but the kids basically tell her how much they despise her and how they never want to see her again.
